## CREED FOODSERVICE TAKES STEPS TO RAISE MONEY FOR CHARITY

---

Staff from Creed Foodservice took part in a Creed Active WellChild Step Up Challenge for WellChild, the national charity for seriously ill children.

Between them, 128 Creed staff walked 11,092 miles, more than two million steps, to support children with exceptional health needs across the UK.

Each member of the Creed team made extra effort to walk to work, go for a run, take the stairs instead of the lift and even trek up mountains to complete the challenge to cover 10,000 miles in one month.

Together the team raised £10,000 for the charity.
